

CTK E-BOOKS

CTK E-Books will publish cutting-edge Kant-related individual and collective essays and commented translations of Kant's Writings, in Spanish, German, English, French, Italian and Portuguese. The main editors of the four series of the publishing house will intensively care about the quality of CTK publishing. Before submitting any manuscript, authors and editors of collective volumes are kindly ask to send the corresponding main editor a summary of the proposal, with a table of matters and, if necessary, a list of authors with the abstract of their chapters. All submitted manuscripts will go through a fast and responsive peer review process, which will involve an international board of prestigious senior Kant scholars. If the peer review process recommends publication, we will then proceed to the formal approval stage, submitting a summary of the proposal to some members of CTK E-Books Advisory Board, whose function will be to endorse the peer reviewer's recommendation and to convey additional remarks. The main editors of each series will keep the authors and editors posted about the steps of this stage. If the proposal is definitively approved, the main editors will contact authors or editors to agree and sign the contract. A copy of CTK E-Books style guide will also be sent to authors or editors at this stage. The books published by CTK E-Books might be printed on demand. Submissions should be sent to the following e-mail: contextoskantianos@gmail.com
